

‘INNOVATION:IDEA TO PROTOTYPE’.

The Innovation and Entrepreneurship Development Cell (IEDC) is a student-run organization present in various educational institutions and universities across the world. It is supported by government bodies, such as the Ministry of Education and other entrepreneurial organizations.

The primary mission of IEDC is to foster a culture of innovation, creativity, and entrepreneurship among students. It aims to encourage students to identify and develop innovative solutions to real-world problems and supports them in transforming their ideas into successful ventures.

On 18 March 2023 KMCT COLLEGE OF ALLIED HEALTH SCIENCE has conducted a IEDC orientation session entitled ‘INNOVATION:IDEA TO PROTOTYPE’. 120 students from various Departments of KMCT CAHS were participated . . The class has taken by Mr. Rony K Roy ,innovation officer at KIIC. Prof. Dr.Santheep.S, Principal, KMCT CAHS Inaugurated the program.It provides a supportive ecosystem where they can refine their business ideas, validate their market potential, and learn essential skills to navigate the challenges of starting a new business.
